COLORADO **FRAGILE X**

Join us!

On Saturday July 15 from 10am-noon

To Raise Awareness of Fragile X Syndrome!

Free breakfast from Einstein Bagels, fun giveaways,
and Open Play!

And meet some awesome Fragile X Friends!

Did you know?

Fragile X syndrome is the leading known cause of inherited intellectual disability. Approximately 1 in 3,600 to 4,000 males and approximately 1 in 4,000 to 6,000 females have the full mutation of Fragile X. Fragile X syndrome is the leading known genetic cause of autism. Approximately 2-6 percent of children with autism are diagnosed with Fragile X syndrome.
