

NATIONAL FRAGILE X FOUNDATION 2017 ANNUAL IMPACT REPORT

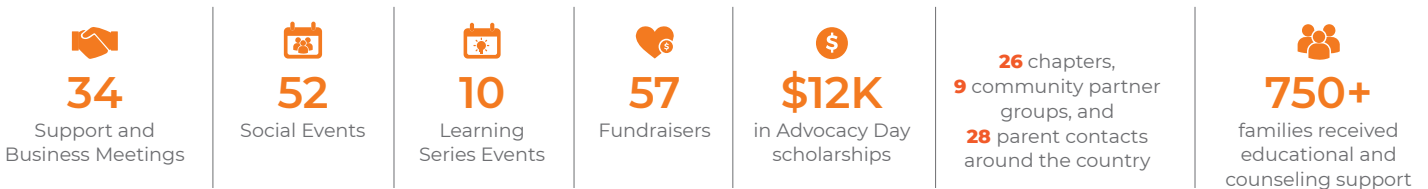

Accomplishing the mission to help all families living with Fragile X, today and tomorrow always begins with you. Through your donations and volunteer work, the NFXF was, once again, able to accomplish our mission to provide unwavering support for every family affected by Fragile X, while relentlessly pursuing a cure.

We want you to know that every single one of our successes, both locally and nationally, happen because of your support. It is your donations, your volunteer work, and your continued participation in the Fragile X community that keeps the National Fragile X Foundation going strong. We could not do what we do without you – Together, We're Stronger!

This report highlights our impact in our three mission areas and our audited financial statement for 2017.

COMMUNITY / SUPPORT

To assist and educate individuals and families living with Fragile X in all stages of life, through outreach and personal support.

AWARENESS/ADVOCACY

To increase public and professional awareness of Fragile X to influence public policy, support legislative advocacy, and increase funding for research.

- **\$52M+** in NIH and CDC research funding
- **116** Congressional meetings with advocates from **25** states
- **1M+** content views on social media during Awareness Month
- **350K** users of our website for nearly **1M** pages viewed

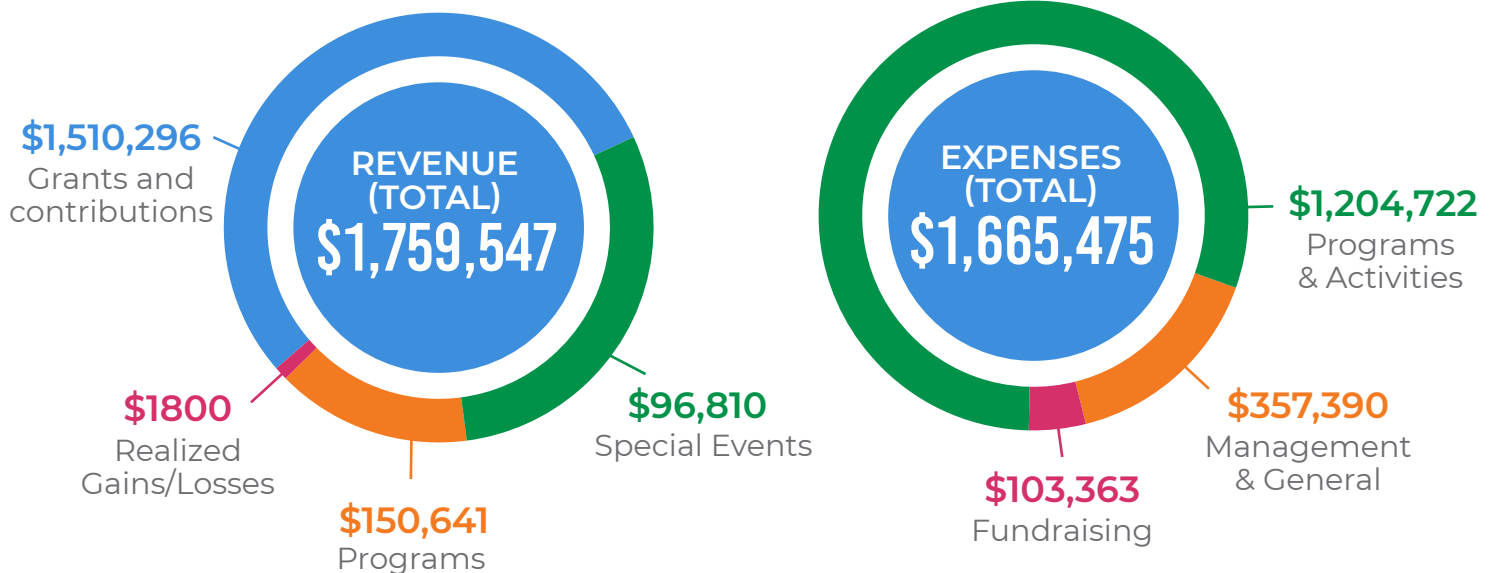

RESEARCH

To fund and facilitate research that drives scientific and medical advances toward effective treatments and a cure.

- 20 grants awarded to FXCRC clinics received grants to support their services and research coordination
- 3 Summer Scholar Research Awards
- 23 recruitment efforts for studies and trials
