# JOIN THE INTERNATIONAL FRAGILE X PREMUTATION REGISTRY

Adults with the Fragile X premutation AND their adult family members without Fragile X may join.

## WHY REGISTER?

- Contribute to future discoveries that will help our understanding of how the Fragile X premutation affects health
- Indicate your interest in participating in research, including future treatment studies focused on Fragile X-associated tremor/ataxia syndrome (FXTAS) and Fragile X-associated primary ovarian insufficiency (FXPOI)
- Connect with the worldwide Fragile X premutation community
- Receive updates on new discoveries with our Registry Newsletter
